

# Prayers and Actions for Afghanistan

## ***1. Pray against the spirit of fear and death:***

Pray that Afghan believers remain strong and don't deny their faith. Pray for a courage and holy boldness to be displayed that would strike conviction in the Taliban. For Christians to declare the Name of Jesus in the midst of danger. Also pray for heavenly strategy and direction to be given to those trying to escape Taliban persecution. *Ask for God's warrior angels to surround these believers.*

## ***2. Pray for the revelation of Jesus Christ:***

Pray that the Taliban leaders begin to have visions and dreams of Jesus revealing Himself as God to them, that they come to repent for their persecution of both Christians and Muslims and recognize Jesus as God. Claim Taliban for the Kingdom of God, and for many Pauls to be raised up from murderous Sauls so that the whole world sees the glory of God through this.

## ***3. Pray for protection over women, children, and young boys:***

Christian women and any females who are considered as collaborators in some way with the West are raped openly and it is not considered as sin because they are considered to be "infidels" and booty of jihad. Young men are also taken to be "dancing boys" (Bacha Bazi) a common homosexual practice in

the Middle East. Pray that women and young men be shielded from sexual violence and against young girls being sold as child "brides." Pray against the demonic spirit in Islam that manifests in sexual perversion in Muslim men.

#### ***4. Pray for confusion and blindness to the Taliban:***

Pray Christians be concealed from the Taliban and that there would be confusion over the Taliban's communication regarding Christian individuals and groups. That they be struck blind as we see in 2 Kings 6: 8-23, making ineffective their mission to hunt Christians. Also pray that there would be fighting between the Taliban members themselves, that they would turn on each other and devour each other like a snake eating its own tail.

#### ***5. Declare and decree:***

**Jesus is King of Kings and Afghanistan belongs to Him.**

#### ***6. Pray for God's intervention in evacuation efforts and in the results of bad foreign policy:***

For God to intervene in the confusion, obstruction, and deception that is taking place in the attempts for evacuations. Let those who are really in danger, those Afghans who are being hunted, and all Americans and other Westerners be able to flee.

For protection for our troops and veterans who are trying to help them. The heroic rescue efforts that have been so generously funded to SUCCEED, and not be thwarted by the US State Department. Let the Spirit of God bring peace and awareness of God's love and affirmation to soldiers who are devastated by the horrors taking place in Afghanistan, many of whom are already suffering from PTSD and the spirit of suicide.

And pray for God's intervention in the US Administration. That He would bare His mighty arm on behalf of justice and righteousness for the United States and all the nations of the world, overcoming what the enemy meant for evil in Afghanistan and through the empowering of the Taliban. And thank Him for answering prayers of many that He expose all the evil and demonic agenda that is coming against America. Much exposure has taken place and there is more to come.

Pray that He will shake and uproot, that in this PSALM 2 moment we will pray for an ISAIAH 2 moment that will bring about a JOEL 2 moment.

## ***7. Pray for boldness:***

Finally, pray that we Christians in the West will rise up and be BOLD, that we will rebuke the spirit of fear, that we would pray without ceasing, fast, and continue to pray that God's Kingdom will come and His will be done on earth -- in Afghanistan, in the United States, and globally -- as it is in Heaven.

(Thanks to Robby Dawkins Ministry for some of the prayer points.)

## **Resources for Action:**

**Global Catalytic Ministries** - working with the underground church in Afghanistan in whatever way the church wants -- if they want to go, helping them to go; if they feel called by God to stay, helping them stay! Their motto is: "Disciple-making where no one wants to."

**AHC Ministries** (started by Pastor "Luke" who was imprisoned by the Taliban in 2012 for sharing the Gospel. Working through **Joshuacord** that produced a great movie about Persecuted Christians in Egypt, India, Iraq, Syria, and Sudan 3 years ago, "Christians in the Mirror."

**Light a Candle** - The global mission and compassion movement of worship leader/missionary/songwriter Sean Feucht. Light a Candle has an emergency relief project for Afghanistan.

**Mercury One and Nazarene Fund** - Probably the best known and best funded - for good reason. They have done amazing work all over the world, have done thousands and thousands of wonderful rescues already in Afghanistan, and are helping to set up people in other countries in ways that they can flourish.

**Robby Dawkins Ministry** - Robby helped pastor Afghanistan's underground church. He's an author, evangelist, and church equipper. Helped to raise up leaders of underground church in Iraq, Pakistan, and Armenia, as well.

**Save Our Allies** - This is an effort by Chad Robichaux and his already amazing organization Mighty Oaks Foundation that brings healing and restoration to military veterans and first responders. They are committed to saving their Afghani allies, interpreters, and friends. (See the video with Chad in the post.)

**The Shai Fund** - An Israel-based organization working together with The Nazarene Fund to save Afghani Christians, Hazara Shia Muslims -- very hated by the Taliban, and others, at the same time that they are working to save Christians in Mozambique who are being slaughtered by jihadists.

**Veteran Sheepdogs of America** - These are US military veterans working to save both people and military contract working dogs that the USG left behind and then denied. The fate of these dogs will be horrific, if they're not rescued.

**The Vulnerable People Project** - Organization of film producer/pro-life activist Jason Jones working to rescue threatened Afghans. Jason defends the vulnerable and upholds the dignity of every human person from the child in the womb to the Uyghur in the CCP concentration camp.
