

**Prayer Points for Sudan, May 2023**  
**Provided by Katartismos Global Advocacy**

For the Body of Christ in Sudan, and particularly for the Episcopal Church of Sudan, our fellow Anglicans, that the Lord would strengthen and encourage them, and use them as His witnesses to the beleaguered, frightened, despairing people of Sudan who do not know Jesus.

That He would bless and protect those Church leaders, from the Archbishop and Primate Ezekiel Kondo, and the bishops like Bishop Andudu Adam Elnail (our co-leader of the GAFCON Suffering Church Network), all the clergy and lay people, and all the Christians of other denominations. That He would send angels to protect their buildings in ways that are extraordinarily miraculous, and that He would use His people to show His signs and wonders in Sudan, including miraculous healings.

That God would send the fire of Holy Spirit to Sudan to bring even the most unlikely people to salvation through Jesus Christ, causing evil ones to fall in repentance and contrition, or to fall under God's swift and certain judgment.

For those sheltering in place in their homes and those who are trying to flee. That God's angelic host would go before them and behind them and beside them to protect them from the snipers, the bombs, and other violence.

That the Lord will bring good out of this evil. That the people of Sudan, Arab and African identity, would come together as one against those who care nothing for their nation but only for riches and power. That all the people would have their eyes opened to the truth, and especially to the evil of the Islamic supremacists and to the truth of the Gospel.

That the areas of Sudan that are not being attacked but are a place of refuge to those who are fleeing, like the Nuba Mountains and Port Sudan, would remain peaceful. That God would post angels with flaming swords to STOP the Rapid Support Forces and the Sudan Armed Forces from entering. And that He would provide these regions and all those who are ministering there with everything that they need. Show them favor in ways that increase their faith in the goodness of God.

That He would have mercy on Darfur. That He would stop the onslaught in El Geneina and elsewhere. That He would destroy the plans of those who seek to once again commit genocide against the black African people groups of Darfur. That He would remember His promise in Psalm 2 that when the kings of the earth and the rulers take counsel together against Him, He will laugh, and He will show them His mighty right arm and terrify them, and dash them to pieces unless they repent and turn to Him. That the humanitarian needs of the Darfuri would be provided for, and that the international community would realize the futility of directing all the aid to Khartoum and expecting it to reach Darfur, or any other place that Khartoum holds in contempt.

Finally, that the people of God around the world would pray and wage spiritual warfare on behalf of the vulnerable and persecuted in Sudan, and trust that the people of Sudan will experience the love of God through Jesus Christ for them, and that they will be part of the great harvest of souls for the Kingdom of God.
