WATCH FOR MY WEEKLY LIVESTREAM BEGINNING SOON!

Recently, a friend at church asked me if I published a newsletter with information about all the persecuted church issues on which I am working. I decided it was time to do just that! Another friend suggested I should do a livestream or podcast. So that is coming as well. And if you would like to help support my work as an advocate, and of equipping and training others in advocacy for the global persecuted church, please visit the [Katartismos Global website](#) and find the [STAFF SALARY SUPPORT PAGE](#).

WHAT'S GOING ON?

In the World of Oppression, Persecution, Totalitarianism, and Tyranny in General. And What Can You Do About It?

Brutal Blockade of Artsakh is the historic, Armenian name of what is now known as Nagorno-Karabakh. It is an Armenian enclave surrounded on all sides by Azerbaijan. The area has been fraught with brutal, bloody conflict and persecution, particularly in the past century, with Azerbaijan claiming it. When both countries were under the Soviet regime, Armenian Christians in Nagorno-Karabakh suffered great persecution. Currently, the 120,000 Armenians of the region have been under a blockade by Azerbaijan (helped by Turkey) for **nine months**, preventing food, medicine, gas, and other vital supplies from entering the area. Children and the elderly are dying. This is a form of genocide.

Watch emergency hearing of Tom Lantos Human Rights Commission chaired by Rep. Chris Smith on 9/6/23. Help ensure the US is not COMPLICIT in genocide, ignoring genocidal actions of the Azerbaijan government against the Armenians in Nagorno-Karabakh, by urging US to openly inform the Azerbaijan government that without the immediate and unconditional removal of the Lachin Corridor blockade, the US would consider Azerbaijan to be committing genocide." *More actions to follow soon!*

The Slaughter of Nigerian Christians threatens every Christian faith community from Anglicans to Catholics to Pentecostals to Baptists in Nigeria. In recent years attacks by Boko Haram, Fulani jihadists, and other Islamists has reached even beyond North and Central Nigeria, to the South where Christians were previously relatively safe. In addition to killing entire Christian communities and taking their land, jihadists have abducted thousands of women and girls for both international trafficking and keeping captive (like Leah Sharibu, now in her 5th year of captivity. Almost as dangerous as the attackers is the DENIAL by UN, foreign policy elites, and the US State Department that this is *persecution* against Christians. Their mantra? Mass slaughter of Christians is caused by “climate change.”

What You Can Do: **PRA Y!**URGENT!

Horrific Attacks on Christians in Pakistan

Pakistan is *never* good for Christians, with constant oppression and bias that results in no good education and no good jobs for most, along with ongoing threats from Pakistan's Blasphemy Laws used against them. On August 16, enraged radicals used a false accusation of blasphemy as an excuse to attack the Christian village of Jaranwala, Faisalabad. As many as 26 churches of many denominations were destroyed, along with homes of *hundreds* of Christian families in a vicious, hate-filled attack that didn't even spare children's toys or pets. And this is just the tip of the iceberg when it comes to persecution in Pakistan.

What You Can Do: **PRA Y!** Contact your member of Congress. Tell them to demand that the United States once and for all tell the Pakistan Government that we will not allow the Christians and other religious minorities to suffer this way any longer. We are tired of promises that are not kept. US should threaten to withdraw all non-humanitarian aid from Pakistan until they protect Christians and others victimized under Blasphemy Laws.

Totalitarianism in Our Neighbor to the North: In case you hadn't noticed, Canada has become more and more totalitarianism the last few years. How else to explain why the nation's leader admires the Chinese Communist government! Because of this, Pastor Artur Pawlowski, who fled Communist Poland for freedom in Canada, is threatened with 10 years in prison for "criminal mischief." What's that? Holding church during the virus lockdowns and preaching a gospel message of peace and comfort to Canadian Truckers. Pastor Pawlowski has been brutalized and held in solitary for illegal amounts of time.

What You Can Do: *PRAY!* URGENT! Pastor Pawlowski's trial is **September 18**. You can pray and reach out to the Canadian government, letting them know how shocked you are at the treatment of Pastor Art and other Canadian Christians. Homegrown Tyranny: Threats to Title IX from the Biden Administration

September is critical to stop threats to women's sports, education, parental rights, religious freedom, and children's protection in changes to Title IX proposed by the Biden Admin. Title IX is the 1972 federal civil rights law that prohibits sex-based discrimination in any school program receiving federal funds. But proposed changes will expand Title IX to LGBTQIA++ acceptance in all forms, *far beyond the realm of education*, on threat of punishment. The proposed changes would transform schools from *education* to *indoctrination*; reshape the nuclear family; and redefine the Constitution. The national **Title IX Network** demands these changes be stopped in its "Stop the DOE Evil Empire" campaign calling for abolition of the Department of Education, if these changes are not stopped.

More Information: [Home - Save - Leading The Policy Movement For Fairness and Due Process On Campus \(saveservices.org\)](#), DOE **appears** to be backing down, [In the Face of Overwhelming Opposition, DOE Backs Away from Controversial Title IX Plan - Save - Leading The Policy Movement For Fairness and Due Process On Campus \(saveservices.org\)](#), but until it is put in writing, we will consider they plan to move forward.

What You Can Do: *PRAY!* URGENT!: Join Title IX Network fighting against these changes. Find a parent's group in your town or county resisting school boards, grooming, etc. Many parents are rising up boldly to protect their children. **Request a Title IX Network "Evil Empire" button and wear it proudly.**
